SUBJECT : Approval of Presentation to Seminar

1. I request approval to make a presentation to a seminar on Soviet Affairs to be held on 20 November 1978 at William and Mary College. I have been invited to speak on the political-strategic framework for Soviet foreign policy. This would be an unclassified presentation, based on a chapter I prepared for a Congressional volume on Soviet oceanic policy and developments which was published before I joined the Agency. (The volume was put together by the Congressional Research Service for the relevant Congressional Committee; my chapter is available for reading should you be interested in doing so.) My presentation would be similar to the one previously approved and made by me to a George Washington University colloquium (see attached reference).

2. I would appreciate prompt attention to this request, given the shortness of time. (William and Mary College hosts apologize for the short lead time, due in part to their unfamiliarity with our procedure for Agency approval of my appearance.)

As stated

I have reviewed the aforementioned chapter and found it to be unclassified.

MEMORANDUM FOR:

Executive Officer, NFAC
STATINTL

FROM :

SUBJECT : Participation in Discussions with Department of
Government, University of Virginia

At the invitation of the Department of Government of the University of Virginia on 16 November, I plan to give a talk to faculty and graduate students on my academic research on the sources and dynamics of the Soviet military build up. This talk was tentatively scheduled prior to my appointment as scholar-in-residence and has been confirmed in the belief that it conforms to the purposes for which that appointment was initiated. Accordingly, I shall be identified as an Agency employee, although my talk will not be based on or draw upon my Agency work. Expenses will be taken care of by the University of Virginia.
